

## Infiniti (IREDI) Program. AutoStone recommended Grout Program 2015

ver 08

AutoStone grouts provide the best solution for your Infiniti facility, or Infiniti Retail Environment Design Initiative (IREDI). Please review these grout colors which are selected to compliment the tiles used in your IREDI compliant retail facility.

**Please submit to your architect for review and approval for use in your Infiniti Retail Environment Design Initiative (IREDI) project.**

**AutoStone recommends a pre-sealed (premium) grout for showroom and service drive areas:**

The AutoStone program offers you (2) levels of grout protection. Both solutions are from Laticrete. Our baseline grout is PermaColor, which we suggest for your shop floor areas. This is an excellent sanded grout for your dealership and for certain areas in your dealership.

For a higher performance grout **which includes an upcharge**, we recommend Laticrete PermaColor **SELECT**®. This is a breakthrough in grout technology. It maximizes performance while providing ease of use. Its unique formulation is highly stain resistant and provides strong, color consistent joints by resisting efflorescence, fading, cracking and grout shrinking.

Laticrete PermaColor **SELECT**® provides excellent performance in virtually any environment, including high traffic and wet conditions, and in residential and commercial applications. One universal formula for joints 1/16" to 1/2" wide.

- Highly stain resistant, never needs sealing – with STONETECH® Sealer Technology.
- Virtually eliminates batch-to-batch color variation.
- Exceeds ANSI A118.7 and achieves ISO 13007-4 CG2FAW.
- Vibrant consistent color – resists efflorescence.
- Reinforced with Kevlar® - for textural and strength.
- Fast setting; open to traffic in 3 hours.
- Universal formula for wall and floor applications.
- Crack and shrink resistant Mold and mildew resistant.
- Residential to extra heavy commercial applications.
- Interior and exterior use Contains zero VOC

*Note: Colors shown are approximate. Review actual color samples to verify color selection.*

### Specification Submittal:

Please use this as your reference sheet for grout specifications and our submittal for your Infiniti (IREDI) project. If you have any questions, please contact us at:
