Ultra Cleanable Technology.

AutoStoneUSA builds better products for the automotive facility. Our Hyundai CT-1 platform comes with our Clean.Tech enhanced porcelain technology. This is a permanent sealant applied during manufacturing which seals the surface micropores. This retards permanent stains and aids dealership cleaning efforts. With proper cleaning practices, your facility can be maintained in a “like-new” appearance for the life of your dealership. This sealant is called our BrightFinish, because it provides a more reflective finish which looks better! Better technology delivers better results!

Clean-Tech - Ultra Cleanable Technology.

- * Dealers Report Cleaner Facilities.
- * Permanent Sealant Baked-in During Manufacturing.
- * Seals Surface Micropores to Resist Permanent Staining.
- * Cleans Better with Regular Maintenance Procedures**.
- ** see AutoStoneUSA recommended Cleaning & Maintenance Guide.
- * When Properly Maintained, looks “like-new” for life of facility.
- * Technology That Works Explains Why AutoStoneUSA Is Best!
- * Designed & Manufactured by Automotive Flooring Experts.

Clean.Tech Brand Page & Information

- * Includes BrightFinish.
- * BrightFinish has Higher Reflective Aesthetic for Better Look.
- * Ultra Cleanable Technology is a Permanent Enhancement.

Guaranteed Best Pricing for Hyundai & Genesis!

Why a Permanent Floor in your Hyundai Service Drive Matters.

- * Get a PERMANENT Service Drive floor for similar or better price than a temporary epoxy coating.
- * The Service Drive is the most important footage in your dealership.

Hyundai recommends AutoStoneUSA CT-7 & CT-8 tiles for use in your service drive. AutoStoneUSA provides Hyundai dealers a PERMANENT floor at the same, or better price than a temporary epoxy coating.* *pricing varies on conditions, scope and variables. Not every project may reflect savings.

smarter, better workshops

AutoStoneUSA Delivers Better Results!

- * Discounted CT-7 & CT-8 tiles when ordered with showroom materials.
- * Tiles ship on same truck for NO ADDITIONAL cost!
- * Epoxy labor is challenging to contract for smaller service drive footprint.
- * Tile labor is already contracted at volume pricing and eager to expand their workscope.

Your Shop is an Extension of Your Hyundai Showroom.

- * Affordable.
- * A PERMANENT floor.
- * Made in the USA.
- * Attract & Retain Techs.
- * Fast Delivery.
- * A Smart Investment.
- * Never Re-Surface Again.
- * Clean & Professional Shop.
