#### Advantages

1. Advanced surface technology to better manage STF (slip, trip &fall) risk.

Clean.Tech

2. Surface has Super.Grip surface texture. These nano-granules provide an enhanced surface tension

3. Includes Brightfinish which aids dealers with their cleaning practices. This is a permanent sealant that retards permanent staining and keeps floors in a "like new" appearance.

#### **Manufactured Declared Uses**

Evaluate for use in automotive workshop and service drive environments
4.1.4 (Exterior, Wet) - level outdoor spaces walkways, sidewalks, where such floors may be walked upon when wet (excluding ice or show) if level, clean, maintained and free of standing water or other contaminants.
4.1.5 (Oils/Greases) - level areas regularly exposed to automotive fluids, etc., so long as such floors are level, regularly cleaned, maintained and free of standing water and contaminant build-up. Consult with your architect to determine dealership practices. Review ANSI A326.3 2021 standard.
Declared Product Use & DCOF Requirement

Meets and exceeds 55 DCOF rating as required for ANSI A326.3 4.1.3 Exterior Wet.

A permanent enhanced porcelain technology floor system. Elevated traction provides a better surface to manage STF (slip, trip, and fall) risk in your automotive service drive, workshop and tech locker room shower areas. See declared uses below. Should be cleaned with frequent maintenance to keep clean and free of contamination and debris when dealership is operating. Spot spills should be removed immediately and not left on surface. Floor cleaning should include use of de-greasing chemical, floor scrubber sweeper machine with wet vacuum to suck-up dirty water and debris as part of cleaning process.

#### Advantages

Clean.Tech

- 1. Advanced surface technology to better manage STF (slip, trip & fall) risk.
- 2. Surface has repeating lines elevated above the bed of the tile. Designed for greater foot, shoe-sole traction.
- 3. Will not permanently stain or darken when properly cleaned.

#### AutoStoneUSA Manufactured Declared Use

Evaluate for use in automotive workshop and service drive environments.

4.1.3 Interior, Wet Plus (IW+) - evaluate for interior use in automotive workshop and service drive environments with high speed doors and tech locker rooms. 4.1.4 Exterior, Wet (EW) level outdoor spaces walkways, sidewalks, where such floors may be walked upon when wet (excluding ice or show) if level, clean, maintained and free of standing water or other contaminants.

4.1.5 Oils/Greases (O/G) level areas regularly exposed to automotive fluids, etc., so long as such floors are level, regularly cleaned, maintained and free of standing water and contaminant build-up.

### ShopWalls!

#### 12" x 24" Series Modern Lines

### **Restroom & Tech Walls**

**Shop**Walls! provides automotive retail & service environments

an affordable and attractive wall tile material designed for these specific environments.

This larger format (12" x 24") tile minimizes grout lines while creating a modern and attractive environment for your service techs. Rectified edges for precise & tight grout joint alignment.

Benefits includes wall surfaces that are easy to clean so they are maintained in a "like-new" appearance.

Pricing is affordable and these materials can ship with other AutoStone materials to reduce freight costs.

Affordable, available, and designed for your tech walls! All materilas ship together to reduce repetitive fossil fuel use.

No supply chain challenges or delivery delays.

### Restroom & Tech Walls
